|--|-------------------------------------|---|
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 1. Have significant adverse effects on public health or safety. |
| The proposed action will have no adverse effects on public health or safety. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 2. Have significant adverse effects on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds (Executive Order 13186); and other ecologically significant or critical areas under Federal ownership or jurisdiction. |
| The proposed action is on private land that has been grazed and farmed for many years. Therefore there will be no significant adverse effects on unique geographic characteristics, park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds (Executive Order 13186); and other ecologically significant or critical areas under Federal ownership or jurisdiction. The land has been previously farmed and grazed and therefore it is unlikely that any historical or cultural resources will be affected. However, before any ground disturbance commences, a clearance will be performed by an archeologist. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 3. Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA Section 102(2)(E)]. |
| The proposed action is not highly controversial. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 4. Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks. |
| The proposed action has no potentially significant environmental effects or unknown risks. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 5. Have a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects. |
| The proposed action does have the potential to lead to additional actions of translocation of Utah prairie dogs (UPD) to private land. However, the landowner will be permitted under a safe harbor permit, to remove the animals at the end of the term of the permit. This action will not have a significant environmental effect. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 6. Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects. |
| The proposed action does not have a direct relationship with other actions which individually or cumulatively could have significant environmental effects. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 7. Have significant adverse effects on properties listed or eligible for listing on the National Register of Historic Places as determined by either the bureau or office, the State Historic Preservation Officer, the Tribal Historic Preservation Officer, the Advisory Council on Historic Preservation, or a consulting party under 36 CFR 800. |
| The proposed project is located on private land which has been farmed and grazed throughout the past 50 years. Therefore it is unlikely to have adverse effect properties listed or eligible for listing on the National historic register, the State Historic Preservation Officer, the Tribal Historic Preservation Officer, or the Advisory Council on Historic Preservation. However, prior to any ground disturbing activities, a clearance by an archeologist will occur. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 8. Have significant adverse effects on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant adverse effects on designated Critical Habitat for these species. |
| If successful, the proposed project will result in an additional colony of Utah prairie dogs within the Paunsaugant recovery area. | | |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | 9. Have the possibility of violating a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment. |

NOTICE

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501et seq.), please be advised that:

1. The gathering of information from potential grant recipients is authorized by The National Environmental Policy Act (NEPA, 42 U.S.C. 4321-4347). NEPA requires that a number of items be considered prior to any activity under a grant.
